

There are 3 versions of the Care Coordination and Transition Management (CCTM) Course!

Which one is right for YOU?

CCTM1

- Presented via Digitell in our Online Library
- Provides audio & Power Point presentations by CCTM content experts
- Earn 26.4 contact hours
- Site Licenses/Group packages available through AACN National Office

CCTM1 – Online Library

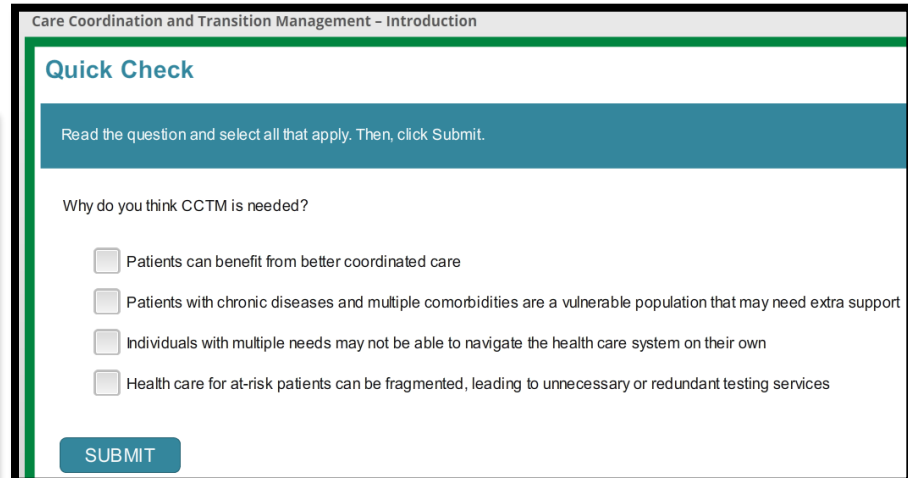

Care Coordination and Transition Management

- Integrated functions that may occur simultaneously or separately
- Individualized plans of care and follow-up plans of care are the basis for the RN-CCTM model
- Performed by RNs and interprofessional team members in acute care, other care settings and the community

CCTM2

- Presented via HealthStream
- Provides interactive activities as you view & hear content
- Earn 23.25 contact hours
- Group packages available directly through HealthStream
- Contains built-in knowledge checks

Care Coordination and Transition Management - Introduction

Quick Check

Read the question and select all that apply. Then, click Submit.

Why do you think CCTM is needed?

- Patients can benefit from better coordinated care
- Patients with chronic diseases and multiple comorbidities are a vulnerable population that may need extra support
- Individuals with multiple needs may not be able to navigate the health care system on their own
- Health care for at-risk patients can be fragmented, leading to unnecessary or redundant testing services

SUBMIT

CCTM2 – HealthStream

What's the Same:

- Groundbreaking education that will prepare you for the *Certified in Care Coordination and Transition Management (CCCTM)* exam
- Valuable content that will immediately benefit your practice
