

AAACN Milwaukee Local Networking Group presents:

**Transitional Care 101
for the Ambulatory Care Nurse**
Presented by

Amanda Smith MSN, RN, CNS & Jennifer Bousman BSN, RN
Nurse Managers

with panel discussion including

Alicia Forrer BSN, RN & Nancy Stolte, RN
RN Care Coordinators

Target audience:

- Ambulatory registered nurses and licensed practical nurses

After attending this presentation, you will be able to:

- Identify patients at risk who would benefit from care coordination
- Identify appropriate resources available to improve transitions of care
- Identify patient engagement strategies and resources to support the nurse learning these strategies
