

Strategic Plan

Updated September 2017

Mission

Advance the art and science of ambulatory care nursing.

Vision

Professional registered nurses are the recognized leaders in ambulatory care environments. They are valued and rewarded as essential to quality health care.

Core Values

Individually and collectively, our members are guided by our deep belief in:

- Responsible health care delivery for individuals, families, and communities
- Visionary and accountable leadership
- Productive partnerships, alliances, and collaborations
- Appreciation of diversity
- Continual advancement of professional ambulatory care nursing practice

Goals

Goal #1 – Serve our Members
Enhance the professional growth and career advancement of our members.

Goal #2 – Expand our Influence
Expand the influence of AAACN and ambulatory care nurses to achieve a greater positive impact on the quality of ambulatory care.

Goals (continued)

Goal #3 – Strengthen our Core
Ensure a healthy organization committed to serving our members and expanding our influence.

Initiatives

Initiative 1 – Care Coordination and Transition Management (CCTM)
